A Prescott paper our ests former United States Att rney Morrison for the republican nomination for deleg-te to Congress from Arizons, The gentlemen mentioned is acreely known with out the productive valley of the Hattaran pr, and no reasons are sesigned why Mr. Morrison should be thus honored. The Prescont paper is reserved to comptoning Mr Moreison , saying :

"He has a very large law practice and it is doubtful whether he could be persuaded to give it up and make the race. He would make things lively for Charl y Shannon it nomin at d."

It is very evident that the republicans are at a less as to which of their aspirants they will sacrifice at the Ioli- next Nov-n.b-r; he must indeed be a bare and loyal partican who will all w his personal popularity to be sacrifice to the interest of factional figure and diff r nose. As it now appears, the republicans will "lay down" and all withe democrat to c ptinus the even tenor of their unobstructed way.

A small, unpretentious precipita. with a hearty we'come las evening about 9 o'clock. This down. pour was wished for but not anticipated, and although ominous cloidenveloped the reak- of the Husehucas and clung lexily along the Dregoon range, emission vivid flashes of lightning accompanied by te rife rumbling of thunder far and near, the old time oracle and invincible weather prophet shook his heary looks knowingly and informed the expectan multitude that it would be ten day before the wetness would descend. However, the rain fell gently, softly, and was invigorating, and the P.o. PETTOR is glad to coronicle the fact seen here since. I day word was pr varicated without the slighte tithe man b liered to be wanted wa Frank Merrili A Bushy open wi hout a rain cost. They are excusable this time and it is hoped nore. they prove unintenti mai prevario-t ors again today, tomorrow, and for personal days hence forward. In common with the belance of the territory, Southern Arizons needs rain, and even if the old prognosticator get "snocked out," we believe the public will rejoi e at his downfall. There are several puzzled pro, h-t. who can not explain how it happ ned, but ther all concede that it did rain, and some of the more knowing and sciensifts members of the local bard of knowledge attribute the phenomenon to the Most Peles eruption, and are free to say that had not this Providenfor in this vicinity within the next the best. The Democracy is a Solid Phalanx

#### THE SEVERAL ASPIRANTS

The enpoune ment of Hop. Marcu . Smith that he was not a condidator re-election to Congress has de volved on the Domocrate of Arizons -Jerome R porter.

Should be have desired renomina ion. Mark Smith would have me with but very little opposition; he would have been the nominee, and onequently, would have succeeded nim-elf.

There are several aspirants to con ressional honors provided Mr. Smith on to the field, the most prominent mong whom is Hon. Ches. M. Shan oon of Grabam county. We say the the most prominent, for the reason that Mr. Shannon has announced his deare; he is promicent, too, for the reason that he is well and favor-ENCOURAGING | ship known throughout the Territory es a mining man, as a scrupulously elean politician against whom naught but words of praise can be heard; he se capable and concientions and will reff or credit upon the democratic for any confidence that may be impord upon bim.

> But waite the PROPERTOR thinks well of Mr. Shannon, its expression o' good optuion is not intended as a dampener to the aspirations of other good and able men. There are those who are capable and deserving, and who will no doubt announce themselves in the year future. We have many such men on the demogratic most deserving will be chosen.

Cochies county has long had the honor of furnishing Arizons's repreunder the brading 'Let Them All sentative to Congress-an honor that she reluctantly relinquisher. although the Territory's idol is to re ire for a while, Mr. Smith's following wil continue an unbroken phalans for democracy, and will in the future. as in the past give the party of the p-ople such a rousing majority that those without the slightest hope of political preferment will escrifice themselves to maintain republican organisation.

Application has been made to the ity council for another electric light ranches and the same has been granted by the council to Ches D Gage. According to the terms of the ranchise the work of construction is to begin by October first, and Mr. age and associates propose to comply with the agreement within the stigulated time. Wish a frapoblee to the Tombetone Light, Ice and Cold Storage company and another, just granted, it looks as if two rival electric light plants will shortly be in the field in Tombetone, Both companie are composed of local incorporators be able to gratify them-rives at a very end is an excel-out indication of faith in their bome town and its future.

M. P. Busg, superintendent of the Exposed Reef Co. , is anxious that the report erroneou-ly published in the Review to the effect that the Exposed Red mill had been burned during the forest fire in the Huschucse, be denied. As was previously stated in three columns the mill was saved though a close call was had. The fire in the mountains has now been brought under coatrol, and but little turcher damage is expected.

Judge W. C. McFarland, who is heavily interested in the Gila Telahone Co., is in the city today from colomonville. As has been stated in these columns, the line is projected to extend through Cochies county, and Judge McFarland informs the PRIPART & that construction of the tipe will be commenced from this and of the line early next week. The poles are now on the ground, and Mr ljeme of the company will arrive to Lombstone next Monday to superintend the planting of the poles and the stringing of the wire from this city to Biebre. Connection with the main line will be made at as early a date as possible.
